AWARDS

Best Hackthon Team

For an IOT project called SMART MEDIMATE. We won cashprize of 4000 rupees.

PROJECTS

SMART MEDIMATE

Most of the times the old aged people forget to take medicines in time .So we decided to develop a SMARTMEDIMATE by using IOT. By using this device the problem can be solved. The function of this is device is to send a reminder to the user to take correct medicines in time .Once the medicine is taken it sends a message like"Thanks for taking medicine" .If medicine is not taken then it sends a message like "please it's time to take your medicine" .This device will help for others who are busy at their work.

Digital Library Website

We Designed an online digital library website by using Full Stack Development. In this website we deployed some books and video lectures of some subjects. we provided the log in and sign up options in order to access the books. The objective this project is to provide the knowledge virtually where user can explore it from any where.
